

## BUY NOW, PAY LATER

No Payments for 90 Days

### Acquire Quicker, Benefit Sooner

Why wait to obtain the technology you need now? No payments for 90 days and predictable, low monthly payments make it easy to budget for your Lenovo solution.

### How it works:

- First payment due 90 days from lease commencement.
- Payments 1 thru 3 at \$0 followed by 36 months of equal payments.
- For Fair Market Value (FMV) and \$1 purchase option transactions from \$1,000 to \$500,000.
- For applications received by 03/31/2023 and funded by 04/30/2023.
- Finance your total solution, including hardware, services, peripherals and software.

### Fair Market Value (FMV) and \$1 Purchase Option Leases

Maximize your purchasing power with our lowest cost option. An FMV lease offers lower monthly payments than loans or lease-to-own financing. Think of an FMV lease as a rental. You have the flexibility at the end of the lease term to return the equipment, continue leasing it, or purchase it for the fair market value. Even better, for transactions over \$10,000 your implied rate is less than 0%\*.

In a \$1 Out Purchase Option lease, you own the equipment. It is a good option when you are confident you will use the equipment for an extended period beyond the finance term.

Both lease types have merits depending on your needs. We can help you determine which option will best meet your technological and budgetary goals.

\*0% financing is an implicit lease rate. It assumes the lessee returns the equipment at the end of the lease term and does not exercise a fair market value purchase option. The Lenovo logo is a trademark of Lenovo in the United States, other countries, or both. ©2023 Lenovo, all rights reserved.
